

**Table 5.7.3 Checklist of Small Mammals expected and known to occur in Gondwana Canyon Park**

Name:		Address:		Date:
Tick list	Species	Latin name	Local Status	Notes
	Reddish-Grey Musk Shrew	<i>Crocidura cyanea</i>	Expected	Confirmed
	Straw-Coloured Fruit Bat	<i>Eidolon helvum</i>	Marginal	Confirmed
	Common / Egyptian Slit-Faced Bat	<i>Nycteris thebaica</i>	Expected	Confirmed
	Ruppell's Horseshoe Bat	<i>Rhinolophus fumigatus</i>	Expected	
	Geoffroy's Horseshoe Bat	<i>Rhinolophus clivosus</i>	Expected	
	Darling's Horseshoe Bat	<i>Rhinolophus darlingi</i>	Expected	
	Cape Horseshoe Bat	<i>Rhinolophus capensis</i>	Expected	
	Dent's Horseshoe Bat	<i>Rhinolophus denti</i>	Expected	
	Sundevall's Horseshoe Bat	<i>Hipposideros caffer</i>	Expected	
	Flat-Headed Free-Tailed Bat	<i>Sauromys petrophilus</i>	Expected	
	Little Free-Tailed Bat	<i>Chaerephon pumila</i>	Expected	
	Egyptian Free-Tailed Bat	<i>T. aegyptiaca</i>	Expected	
	Namibian Gland-Wing Bat	<i>Myotis seabrai</i>	Expected	<b>Near-Endemic Endemic</b>
	Namib Long-Eared Bat	<i>Laephotis namibensis</i>	Expected	
	Long-Tailed Serotine Bat	<i>Eptesicus hottentotus</i>	Expected	
	Cape Serotine Bat	<i>Eptesicus capensis</i>	Expected	
	Schreibers' Long-Fingered Bat	<i>Miniopterus schreibersi</i>	Expected	
	Yellow-Winged Bat	<i>Lavia frons</i>	May occur	
	Pouched Mouse	<i>Saccostomus campestris</i>	Expected	
	Berseba Rock Mouse	<i>Petromyscus monticularis</i>	May occur	<b>Near-Endemic Near-Endemic</b>
	Namibian Rock Mouse	<i>Petromyscus collinus</i>	May occur	
	Brukkaros Rock Mouse	<i>Petromyscus bruchus</i>	Expected	<b>Endemic</b>
	Bushveld Gerbil	<i>Tatera leucogaster</i>	May occur	Confirmed (Giere & Zeller, 2005)
	Highveld Gerbil	<i>Tatera brantsii</i>	May occur	Confirmed (Giere & Zeller, 2005)
	Short-Tailed Gerbil	<i>Desmodillus auricularis</i>	Expected	Confirmed (Giere & Zeller, 2005)
	Pygmy Gerbil	<i>Gerbillurus paeba</i>	Present	Confirmed (Giere & Zeller, 2005)
	Namaqua Brush-Tailed Gerbil / Large-Eared Mouse	<i>Gerbillurus vallinus</i>	Expected	Confirmed; <b>Near-Endemic</b>
	Pygmy Mouse	<i>Malacothrix minuta</i>	Expected	
	Striped Mouse	<i>Malacothrix minutoides</i>	Expected	
	Bush Karoo Rat	<i>Rhabdomys pumilio</i>	Present	Confirmed - Common
	Social Whistling Rat	<i>Otomys unisulcatus</i>	Present	
	Solitary Whistling Rat	<i>Parotomys brantsii</i>	Present	
	Tree Rat	<i>Parotomys littledalei</i>	Present	
	Black-Tailed Tree Rat	<i>Thallomys paedulus</i>	Expected	
	Orange River Tree Rat	<i>Thallomys nigricauda</i>	Expected	
	Namaqua Rock Rat	<i>Thallomys shortridgei</i>	Expected	
		<i>Aethomys namaquensis</i>	Present	
	Namibia Rock Doormouse	<i>Graphiuru rupicola/platyops</i>	Expected	<b>Near-Endemic</b>
	Nokkie (Dassie Rat)	<i>Petromus typicus</i>	Present	Confirmed; <b>Near-Endemic</b>
	Round-Eared Senghi	<i>Macroscelides proboscideus</i>	Present	
	Rock Elephant Shrew	<i>Elephantulus rupestris</i>	Expected	
	Bushveld Senghi	<i>Elephantulus intufi</i>	Expected	<b>Near-Endemic</b>
	Cape Rock Senghi	<i>Elephantulus edwardi</i>	May occur	

Additional species	1)	2)	3)
	4)	5)	6)
	7)	8)	9)

**Notes:**

**Local status based on neighbouring Hunsberg/Ai-Ais National Park records, except where specifically indicated**

**"May occur" implies extreme rarity or marginality (Griffin, 2004)**

**Last Updated October 2009**

**Sources of information:**

This list of birds for the Gondwana Namib Park was obtained from the following sources (a) species expected to occur in the park, based on data for the neighbouring Hunsberg/Ai-Ais National Park, as derived from "Occurrence of Frogs, Reptiles and Mammals in Namibian Protected Areas" by Mike Griffin, 2004; (b) observations by CB, OvK, RB and DB in Gondwana Canyon Park.

The present list should be viewed as preliminary.
